\_\_\_\_\_

Q11. How many ships are on the mural at the end of King Edward Street?

\_\_\_\_\_

# GET INVOLVED

## ***So, you think you're up for the challenge?***

Covering a 4.5km route around the city centre, this quiz will take in some of Hull's best-known sights, snaking through its rich independent shopping culture and making you look closer at things you may not have spotted before.

## ***Here's how it works...***

Although the quiz is split into two sections, the trail is one big loop. So, you can start at any point and even pick it back up at a later date if you don't finish it all in one go.

The questions are in order. By following the map in an anti-clockwise direction, you will find all the answers on the route.

You won't need to do anything physical, like climbing or lifting, but you might need some cryptic thinking.

Paragon Arcade, Zebedee's Yard, Hepworth's Arcade and Trinity Market are all included on the route, so please be aware of their opening times.

For a chance to win a Hull-themed prize, send your answers to [quiz@differentresonance.co.uk](mailto:quiz@differentresonance.co.uk) by Monday 6th September 2021.

In the case of a tie break, please also include an answer to the following question. ***How many steps did a member of our team take when walking the route?***

And that's it - best of luck! We hope you enjoy exploring the city safely. If you get the chance, make sure to support local businesses around the trail and be respectful of any COVID regulations in place.
